Owning your own aircraft is an investment in personal freedom and control. So why be held back by the burdens of daily operations, maintenance, and regulatory issues?

Aircraft management from Delta Private Jets offers three unique programs:

FLEET DEPLOYMENT  
CHARTER MANAGEMENT  
TURN-KEY MANAGEMENT

Each designed to help you make the most of your investment based on your utilization levels and operational needs.

ADVANTAGES OF  
PARTNERING WITH DELTA  
PRIVATE JETS:

- » Over 27 years of world-class operational experience
- » Named “Best Private Jet Service” by *Executive Travel* magazine
- » Longest-held ARG/US “Platinum” safety rating of any operation in the world
- » Recognized as a *Robb Report* “Best of the Best” in Flight-Card Programs/Charter Category

## AIRCRAFT MANAGEMENT PROGRAMS FROM DELTA PRIVATE JETS:

### **FLEET DEPLOYMENT** *MAXIMIZE YOUR LIMITED AIRCRAFT USE AND REDUCE COST OF OWNERSHIP*

If owner use is less than 75 hours annually, allow Delta Private Jets to staff your aircraft and place it in our high-utilization charter program. Unlike traditional management programs, we'll pay all fixed costs and provide an hourly reimbursement for maintenance — all while you earn charter revenue for each hour flown.

### **CHARTER MANAGEMENT** *GENERATE CHARTER REVENUE AND TAKE ADVANTAGE OF ADDITIONAL SAVINGS*

For those who have more frequent owner flying, Delta Private Jets will certify your aircraft and crew for charter opportunities. In addition to generating revenue for each charter hour flown, you'll be able to take full advantage of our unique savings programs — including optimal prices on fuel, insurance, crew training, and more.

### **TURN-KEY MANAGEMENT** *ENJOY THE BENEFITS OF OWNERSHIP BY LETTING US HANDLE ALL THE DETAILS*

Looking for a full-service experience? We'll oversee all of the time-consuming administrative, regulatory, and operational details of aircraft ownership so you can enjoy your time in the air. You can even add your aircraft to our charter fleet to earn additional revenue while accessing our savings programs.

MAKE THE MOST OF YOUR AIRCRAFT INVESTMENT TODAY.  
Contact Brandon Greene for more information about our aircraft management options.
